

AMERICAN PUBLIC WORKS ASSOCIATION

American Public Works Association Hosts PWX National Public Works Expo

American Public Works Association (APWA) hosted PWX, a national public works expo, in San Diego.

PWX draws thousands of public works professionals from all over the world. PWX offers:

Outstanding education sessions that address current public works issues - as well as ongoing challenges. You can choose from more than 125 technical and professional development sessions presented by your colleagues, who will impart their vital knowledge and experience. APWA's education sessions are based on the very latest learning models: classroom, interactive, and "live" learning labs.

The chance to see an extensive gathering of exhibitors that will showcase the latest products, services, and technologies specific to public works. Special "non-compete" hours allow you to visit the floor uninterrupted.

Opportunities to network with your peers, hone your leadership abilities, and learn new job skills.
