APWA Certification Programs

APWA's certification programs provide a strong benefit to the public works industry and ultimately to our communities by promoting experience and excellence leading to an improved workforce and improved delivery of services.
The following programs are available:

Certified Public Infrastructure Inspector (CPII)

For individuals that inspect the construction of public infrastructure and facilities and other types of construction work and materials to ensure compliance with plans and specifications.

Certified Public Works Professional – Supervision (CPWP-S)

For public works supervisors, crew leaders and frontline employees ready for supervisory positions.

Certified Public Fleet Professional (CPFP)

For the seasoned, career government public fleet manager, and for those with experience in the field who are interested in a credential that will promote a career in public fleet management.

Certified Stormwater Manager (CSM)

For experts in the public and private sectors who coordinate and implement stormwater management programs for city, county, state, provincial and federal agencies.

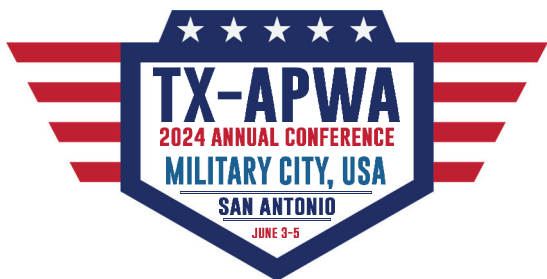

Certified Public Works Professional – Management (CPWP-M)

For public works managers, superintendents and supervisors ready for management positions.

Learn more about APWA's certification programs by visiting <https://www.apwa.org/education-careers/certification/> or by phone at (800) 848-2792.

Public Works Expo (PWX) | Houston, TX |

August 30-September 2, 2026

APWA's PWX is coming to Houston in 2026!

We are gearing up to start the planning and need your help finding people to volunteer! Maybe it's you, or maybe it's your coworker, boss, or employee.

As Texas is the Host Chapter, we are looking to engage people from all branches to serve on the planning committee.

We are building our planning committee (many to choose from). If interested in volunteering, please scan this code to let us know!
